En Guatemala:

CIRMA  
5ª Calle Oriente Nº 5  
La Antigua Guatemala

All other countries:

CIRMA - PMS  
P.O. Box 38  
South Woodstock, VT 05071

**PRECIO - PRICE**

Post-paid surface mail.

Guatemala:	Q. 5.00
Developing nations:	US\$ 5.00
Developed nations:	US\$ 10.00

A la memoria de *Guillermo Swezey* de CIRMA  
– una inspiración al saber guatemalteco  
y a la investigación multidisciplinaria.

To the memory of *William R. Swezey* of CIRMA  
– an inspiration to Guatemalan scholarship  
and multidisciplinary research.

## INTRODUCTION

Two bibliographies of Guatemalan geology have been previously published:

Maldonado - Koerdell, M.

1958 *Bibliografía Geológica y Paleontológica de América Central*: Instituto Panamericano de Geografía e Historia Pub. 204, México, D.F.

Instituto Geográfico Nacional

1966 *Bibliografía Geológica de Guatemala, América Central* (up to 1965).

Several factors have given a great impetus to the volume of material published on the geology of Guatemala since 1965. A collaborative geological mapping program between the Instituto Geográfico Nacional (now Instituto Geográfico Militar) and U.S. universities has produced numerous theses, maps and subsequent investigations by both professors and students, which has continued as former students themselves became professors. Continuous and varied volcanic activity in relatively accessible areas has served as a stimulus for research in volcanology and allied fields. The disastrous 1976 earthquake focused worldwide attention on Guatemala from many disciplines. And the Deep Sea Drilling Project in the Middle America Trench offshore Guatemala has generated numerous publications. Unfortunately, almost nothing of the considerable petroleum exploration effort has been published.

For abbreviations in the text that possibly might not be clear we have included an explanatory listing. The series of numbers in the citations represent in order: volume, number and page. For example: 10, 12, 36-40 indicate vol. 10, no. 12, p. 36-40. In the case of multi-authored publications, we have cited all the authors individually in their respective alphabetical order, with cross-reference to the complete citation listed under the first author.

Hispanoil Guatemala, Elf Aquitaine Guatemala, and the Kresge Physical Sciences Library of Dartmouth College supplied numerous courtesies that have significantly reinforced our bibliographic research. The Department of Earth Sciences at Dartmouth College provided

manuscript preparation services and printed a draft of this volume. Many colleagues made corrections and additions to the preprint that have greatly enhanced its completeness. We wish to thank them all for their gracious help.

Stephen R. Elliott of CIRMA made valuable editorial improvements, provided the innovative cross-referencing by author, and prepared the volume for publication.

# INTRODUCCION

Dos bibliografías geológicas de Guatemala han sido publicadas con anterioridad:

Maldonado - Koerdell, M.

1958 *Bibliografía Geológica y Paleontológica de América Central*: Instituto Panamericano de Geografía e Historia Pub. 204, México, D.F.

Instituto Geográfico Nacional

1966 *Bibliografía Geológica de Guatemala, América Central* (hasta 1965).

Varios factores han contribuido al gran incremento de material publicado sobre la geología de Guatemala desde 1965. Un programa colaborativo de mapeo geológico entre el Instituto Geográfico Nacional (hoy Instituto Geográfico Militar) y universidades norteamericanas ha dado como resultado numerosas tesis, mapas e investigaciones posteriores. Estas investigaciones han perdurado en la medida que los otrora estudiantes han ascendido a la posición de profesores universitarios. La actividad volcánica continua y variada en zonas relativamente accesibles ha estimulado investigaciones en vulcanología y campos afines. El desastroso terremoto de 1976 en Guatemala atrajo atención mundial por parte de muchas disciplinas. El Deep Sea Drilling Project en la Fosa Mesoamericana, aguas afuera de Guatemala, ha producido numerosas publicaciones. Desafortunadamente, se ha publicado poco sobre el intenso esfuerzo para la exploración petrolera.

Hemos incluido una lista de equivalencias de abreviaturas para aclarar posibles confusiones en el texto. La serie de números en las citas representa, en el orden correspondiente: volumen, número de tomo, número de página. Por ejemplo, 10, 12, 36-40 indican vol. 10, no. 12, p. 36-40. En los casos de publicaciones con más de un autor, hemos citado a todos los autores individualmente en su respectivo lugar, con referencia cruzada a la entrada completa bajo el primer autor.

Hispanoil Guatemala, Elf Aquitaine Guatemala, y Kresge Physical Sciences Library de Dartmouth College nos prestaron valiosa asistencia que promovió considerablemente nuestras investigaciones biblio-

gráficas. El Department of Earth Sciences de Dartmouth College proporcionó ayuda con la preparación del manuscrito e imprimió un borrador de este volumen. Muchos colegas hicieron correcciones y adiciones al borrador que en gran medida ayudó para que fuera más completo. Queremos agradecer a todos ellos su ayuda tan amable y desinteresada.

Stephen R. Elliott de CIRMA dio valiosos consejos editoriales, elaboró el sistema de referencias cruzadas por autor y preparó el volumen para su publicación.

RALPH, E.K.

STUCKENRATH, R. Jr., COE, W.R., RALPH, E.K. (1966)

REASENBURG, P., CHOUET, B., WOULFF, G.

1973 Summit activity at Acatenango Volcano, Guatemala (abs.): *EOS* 54, 4, 510.

REBILLARD, P., DIXON, T., FARR, T.

1982 Geologic observation of the northern boundary of the Caribbean plate across Central America as seen by SEASAT and SIR-A: *Proc. Intl. Symp. Commission VII, Intl. Soc. Photogrammetry Remote Sensing*, Toulouse, France, 1982, p. 593-599.

RECINOS, C.E.

1976 *Exploración minera en área 3, Sierra de las Minas, reconocimiento geoquímico regional*: ICAITI Pub. Geol. 5, 186-205.

REEVES, T.K. Jr.

1967 *Geology of the southern half of the El Progreso quadrangle, El Progreso, Guatemala*: MA Thesis, Rice Univ., 87p.

RENARD, V.

AUBOUIN, J., STEPHAN, J.F., RENARD, V., ROUMP, J., LONSDALE, P. (1981, 1982)

AUBOUIN, J., STEPHAN, J.F., ROUMP, J., RENARD, V. (1982)

RENARD, V., AUBOUIN, J., LONSDALE, P., STEPHAN, J.

1980 *Premiers résultats d'une étude de la fosse d'Amérique centrale au sondeur multifaisceaux (Seabeam)*: C.R. Acad. Sci. Paris, Ser. D, 291, p. 137-142.

REYES, A., MUNGUÍA, L., LOMNITZ, C., PONCE, L., JIMENEZ, Z., JIMENEZ, C.

1976 The February 1976 Guatemala earthquake: an aftershock survey (abs.): *EOS* 58, 5, 308.

REYNOLDS, J.C.

CLOHAN, G.M., REYNOLDS, J.C. (1977)

REYNOLDS, J.H.

1975 (Editor), *Geology of the Nueva Santa Rosa quadrangle, Guatemala*: Senior Honors Thesis, Dartmouth College, 81p.

1977 *Tertiary volcanic stratigraphy of northern Central America*: MA Thesis, Dartmouth College, 89p.

1980 Late Tertiary volcanic stratigraphy of northern Central America: *Bull. Volc.* 43, 3, 601-608.

1983 Cenozoic volcanic stratigraphy of south-central Guatemala (abs.): *GSA Abs. Prog.* 15, 2, 63.

DOBSON, D.C., HITZMAN, M., REYNOLDS, J.H., ERLER, E.L. (1977)

REYNOLDS, J.H., DANN, J.C.

1975 *Geology of the southeastern portion of the Cuilapa quadrangle, Guatemala*: Senior Honors Thesis, Dartmouth College, 50p.

REYNOLDS, M.J.

DOTT, R.H. Sr., REYNOLDS, M.J. (1969)

RICHARDS, M.L.

BANKS, N.G., RICHARDS, M.L. (1969)

RICHARDS, P.W.

ADDICOT, W., RICHARDS, P.W. (compilation coordinators) (1981)

RIDER, J.

HARPER, H., RIDER, J., ABBOT, W. (1982)

RIEDEL, W.R.

WESTBERG, M.J., RIEDEL, W.R. (1982)

RIGOT, W.

WOODRUFF, L.G., ROSE, W.I. Jr., RIGOT, W. (1979)

RINEHART, W., GANSE, R., *et al.*

1982 *Seismicity of Middle America (Map)*: National Geophysical Data Center, NOAA, Boulder, Colorado, 1:8,000,000.

RITCHIE, A.W.

1975 *Jocotán fault - possible western extension*: ICAITI Pub. Geol. 5, 52-55.

1975 *Geology of the San Juan Sacatepéquez quadrangle, Guatemala*: Ph.D. Thesis, Univ. Texas at Austin, 119p.

RITCHIE, A.W. (cont.)

- 1981 *Mapa geológico del cuadrángulo San Juan Sacatepéquez*: IGN, Guatemala, 1:50,000.

MUEHLBERGER, W.R., RITCHE, A.W. (1975)

SMITH, D.S., RITCHIE, A.W. (1981)

RITCHIE, A.W., McDOWELL, F.W.

- 1979 K-Ar ages of plutonic and volcanic rocks from the volcanic highlands of Guatemala, northwest of Guatemala City: *Isochron/West* 25, 3-4.

ROBERTS, A.A., DONOVAN, T.J., DALZIEL, M., FORGEY, R.L.

- 1978 Application of helium surveys to petroleum exploration (abs.): *USGS Prof. Pap.* 1100, p. 24.

ROBYN, T.

KUENZI, W D., McGEHEE, R., ROBYN, T. (1974)

RODRIGUEZ BEJARANO, D.

- 1976 The teaching of photo-interpretation and photogrammetry in the field of natural resources in Central America and Mexico: *Am. Soc. Photogramm., Ann. Mtg., Proc.* No. 42, p. 430-442.

ROPER, P.G.

- 1973 Structural relationships between the southwestern portion of the Sierra de las Minas Mountains and the Motagua fault zone in Central America (abs.): *EOS* 54, 11, 1206.
- 1974 Geologic comparison between Brevard zone and the Motagua fault zone of Guatemala (abs.): *GSA Abs. Prog.* 6, 4, 393.
- 1974 Geologic relationships between the Motagua fault zone and the Sierra de las Minas range near El Progreso, Guatemala (abs.): *Carib. Geol. Conf.*, 7, Guadalupe, p. 59.
- 1976 Lithologic subdivision of the Chuacús Group in the southwestern end of the Sierra de las Minas Range, Guatemala: *Carib. Geol. Conf.*, 7, Guadalupe, 589-594.
- 1978 Stratigraphy of the Chuacús Group in the south side of the Sierra de las Minas range, Guatemala: *Geol. en Mijnbouw* 57, 309-313.

ROPER, P.G. (cont.)

- 1978 Geology of El Progreso quadrangle north of the Motagua River: *Intl. Symp. 1976 Guatemalan earthquake*, vol. 2 (n.p., approx. 89-97), Guatemala City.
- 1978 Paleozoic deformation of the Chuacús Group in the Sierra de las Minas range, Guatemala: *Intl. Symp. 1976 Guatemalan earthquake*, vol. 2 (n.p., approx. 98-112), Guatemala City.
